Tasks

Prioritized actions backed by the evidence in this report.

0/13 Completed

High · Low · Citations — 94

Use citations and a bibliography

0 of 29 analyzed phrases (0%) met the citation coverage signal in this report.

Report Section: Strategy review · 1 report signal · Report snapshot · Measured evidence

0/3 steps

High · Medium · Bing visibility — 94

Improve Bing visibility for OpenAI search

Bing visibility scored 0/100 in this report, below the 70-point opportunity threshold.

Platform: Bing · 1 report signal · Report snapshot · 2 models

0/3 steps

High · Medium · Brave visibility — 93

Improve Brave Search visibility for Claude

Brave Search visibility scored 0/100 in this report, below the 70-point opportunity threshold.

Platform: Brave Search · 1 report signal · Report snapshot · 2 models

0/3 steps

High · Low · Statistics — 92

Use statistics and numbers

0 of 29 analyzed phrases (0%) met the statistics coverage signal in this report.

Report Section: Strategy review · 1 report signal · Report snapshot · Measured evidence

0/3 steps

High · Low · Conversational content — 91

Use conversational language

2 of 29 analyzed phrases (7%) met the conversational language signal in this report.

Report Section: Strategy review · 1 report signal · Report snapshot · Measured evidence

0/3 steps

High · High · Google visibility — 91

Improve Google Search ranking

Google Search visibility scored 0/100 in this report, below the 70-point opportunity threshold.

Platform: Google Search · 1 report signal · Report snapshot · 2 models

0/3 steps

High · High · Wikipedia presence — 83

Build a credible Wikipedia presence

The report did not find a Wikipedia page for the analyzed brand.

Platform: Wikipedia · Evidence attached · Prompt evidence · Model evidence

0/3 steps

High · High · Community presence — 78

Increase your Reddit presence

Reddit presence scored 0/100 in this report, below the 70-point opportunity threshold.

Platform: Reddit · 1 report signal · Report snapshot · Measured evidence

0/3 steps

High | Low | Answer length | 77

Adjust answer passage length

19 of 29 analyzed phrases (66%) met the answer-length coverage signal in this report.

Report Section: Strategy review | 1 report signal | Report snapshot | Measured evidence

0/3 steps

Medium | Medium | Topic page | 59

Build a product page like https://play.google.com/store/apps/details?hl=en_US&id=com.pickleheads.mobile

This product-style source was cited 2 times across 2 models.

Url: play.google.com/store/apps/details | 2 citations | 1 prompt | 2 models

0/3 steps

Medium | Medium | Topic page | 58

Publish a stronger product page based on https://play.google.com/store/apps/details?hl=en_US&id=com.fullcourt.fullcourt

This product-style source was cited 2 times across 1 models.

Url: play.google.com/store/apps/details | 2 citations | 2 prompts | 1 model

0/3 steps

Medium | Medium | Channel creation | 48

Create or verify your official YouTube channel

The latest YouTube presence snapshot did not detect an official brand channel.

Platform: YouTube | Evidence attached | Prompt evidence | Model evidence

0/3 steps

Medium | Medium | Profile creation | 47

Create or verify your official X profile

The detected X profile confidence is 0.71, which is below the 0.75 threshold for a reliable official account.

Platform: X | Evidence attached | Prompt evidence | Model evidence
